SHENANDOAH CABLE TELEVISION, LLC

CASE NO. PUR-2020-00275

For designation as an eligible
telecommunications carrier
pursuant to 47 U.S.C. § 214(e)

ORDER FOR NOTICE AND COMMENT

On November 23, 2020, Shenandoah Cable Television, LLC ("Shentel" or "Company") filed an application ("Application") with the State Corporation Commission ("Commission") pursuant to 47 U.S.C. § 214(e) and 47 C.F.R. § 54.201 seeking designation as an eligible telecommunications carrier ("ETC") in areas in which Shentel has telecommunications facilities to be eligible to receive federal universal service fund ("USF") support for Lifeline services provided to low income customers in Virginia in accordance with the rules and regulations of the Federal Communications Commission ("FCC").¹

On January 6, 2021, Shentel filed an amendment to its Application ("Amended Application") in which the Company adds a request for ETC designation in the areas in which Shentel has been awarded Rural Digital Opportunity Fund ("RDOF") support by the FCC.² Specifically, Shentel seeks to be designated as an ETC in the specific areas in Virginia in which the Company was the winning RDOF bidder as announced by the FCC on December 7, 2020.³

² Amended Application at 1.

These areas encompass portions of the counties of Bedford, Fauquier, Frederick, Madison, Orange, Rappahannock, and Rockingham, Virginia.⁴

In support of its Amended Application, Shentel states that the Company is a competitive local exchange carrier authorized to provide local exchange and interexchange telecommunications services in the Commonwealth of Virginia pursuant to certificates of public convenience and necessity issued by the Commission.⁵ Shentel states that regarding its request for ETC designation for Lifeline support, the Company is in various stages of expanding services in Harrisonburg, Staunton, Winchester, Front Royal, Lynchburg, Salem, and Roanoke, Virginia, with a build out in more markets planned over the next three years that will include additional counties near Shentel's existing network and spectrum assets.⁶ Shentel states that consistent with the FCC's requirements for receiving RDOF support, the Company will offer Lifeline services throughout the areas covered by the RDOF support award.⁷

Further, Shentel states that it provides all of the services that the FCC requires for ETC designation, and will advertise the availability of each of the supported services in accordance with 47 U.S.C. § 214 and the FCC's regulations in Part 54 of Title 47 of the Code of Federal Regulations.⁸ Shentel also states that as a winning bidder for RDOF high-cost support, the Company will offer voice and broadband services meeting the relevant performance requirements to fixed locations in exchange for receiving monthly payments of support over the

10-year support term.⁹ Finally, the Company maintains that granting its requests for ETC designation as set out in the Amended Application would be consistent with the public interest, convenience, and necessity.¹⁰

NOW THE COMMISSION, upon consideration of the Application and applicable law, is of the opinion and finds that, consistent with prior orders in similar proceedings, local exchange carriers ("LECs") and other interested persons or entities should have an opportunity to file comments, objections, or requests for hearing on Shentel's Application.¹¹ Therefore, we will direct Shentel to email a copy of this Order for Notice and Comment to all LECs certificated to provide service in Virginia. We also direct Shentel to provide a copy of its Application to anyone so requesting. Further, we find that any objections to the Company's Application should include a statement of the reasons for such opposition, and if the objection is related to a specific territory, that territory should be clearly defined. We find that requests for hearing shall state with specificity why such concerns cannot be adequately addressed in written comments or objections. Finally, we find that the Staff of the Commission ("Staff") should investigate the Application and present its findings and recommendations in a report ("Staff Report").

The Commission further takes judicial notice of the ongoing public health emergency related to the spread of the coronavirus, or COVID-19, and the declarations of emergency issued
